

Who serves in local elected offices impacts how neighborhoods and communities function and how you conduct your business as a Realtor®. Each election cycle, a volunteer group of Realtors® take the time to interview and review information for candidates running for office, review questionnaires filled out by the candidates, the structure and strength of their campaign, including fundraising, and their positions and records as it relates to PMAR's Realtor® Advocacy Policies. To assist you as you fill out your ballot, the PMAR PAC Trustees are proud to provide the following Voters' Guide of endorsed housing champions.
